

ALIGNED CAREER VENN DIAGRAM

DESCRIPTIONS & INTENTIONS:

This activity is to help surface the cross sections of a student's personality, skills, and careers of interest to potentially align the three and uncover possible pathways and careers to explore further. This is usually especially useful when done with personality and career assessments completed and can support in organizing thoughts and creating next steps.

DIRECTIONS:

1. Add your personality traits to the personality circle + Add your skills to the skills section + Add the careers you're interested in, to the careers section
2. Fill the overlapping sections
3. The middle section is the career that potentially best aligns with your skills, personality and careers of interests
